

Spotlight: OHNEP Receives 2019 AAN Edge Runner Award!

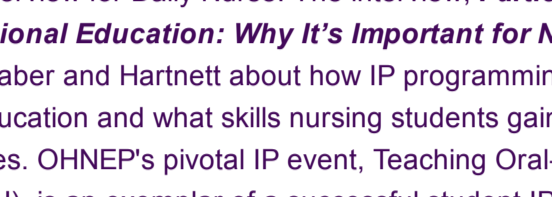

OHNEP is excited to announce our designation as a 2019 Edge Runner from the American Academy of Nursing! This award recognizes those individuals and organizations who are leaders in designing models of care and interventions to improve healthcare quality, cost and access.

OHNEP received the award for our leadership in "putting the mouth back in the head" in nursing education and clinical practice, improving clinical outcomes and making positive contributions to the financial health of organizations.

Check out our profile on the Academy website here, and read the full press release here.

Judith Haber and Erin Hartnett Interviewed for Daily Nurse

OHNEP Executive Director Judith Haber, PhD, APRN, FAAN and Director Erin Hartnett, DNP, PPCNP-BC, CPNP discussed the importance of interprofessional (IP) education for nursing students in a two-part interview for Daily Nurse. The interview, Participating in Interprofessional Education: Why It's Important for Nursing, asked Drs. Haber and Hartnett about how IP programming developed in nursing education and what skills nursing students gain from these IP experiences.

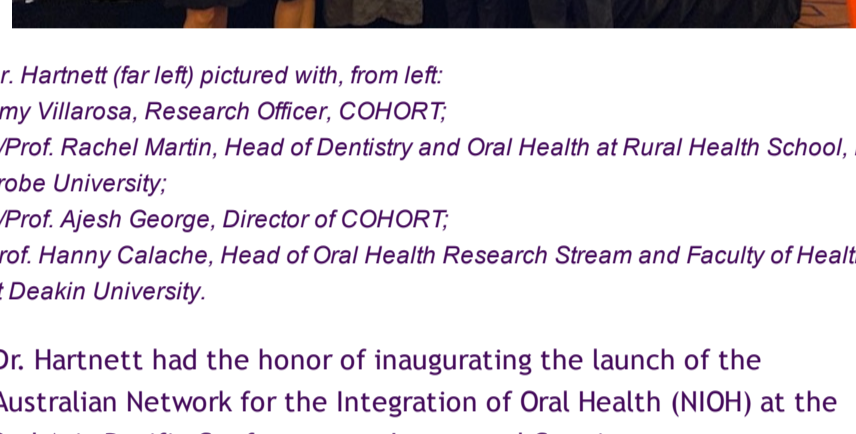

Check out Part 1 of the interview here.

Check out Part 2 of the interview here.

Our International Partners

OHNEP Program Director Dr. Erin Hartnett had the opportunity to present on oral health and interprofessional care at multiple locations in Sydney and Melbourne Australia this past November. We are thrilled to have connected with the Centre for Oral Health Outcomes & Research Translation (COHORT) and the Australian Network for Integration of Oral Health (NIOH), and we are excited to share how OHNEP is making waves across the globe!

Launch of the Australian Network for Integration of Oral Health

Dr. Hartnett (far left) pictured with, from left: Amy Villarosa, Research Officer, COHORT; A/Prof. Rachel Martin, Head of Dentistry and Oral Health at Rural Health School, La Trobe University; A/Prof. Ajesh George, Director of COHORT; Prof. Hanny Calache, Head of Oral Health Research Stream and Faculty of Health at Deakin University.

Dr. Hartnett had the honor of inaugurating the launch of the Australian Network for the Integration of Oral Health (NIOH) at the 2nd Asia Pacific Conference on Integrated Care in Melbourne, Australia on November 12, 2019. She was invited to present by the Centre for Oral Health Outcomes and Research Translation (COHORT) at Western Sydney University in Australia, where she has been appointed as an honorary Adjunct Associate Professor.

The Australian Network for Integration of Oral Health (NIOH) brings together the essential domains of research, education and practice to create systemic change for the benefit of whole person care. NIOH aims to identify and develop innovative practices and models that contribute to integrating oral health and general health across the lifespan. NIOH shares OHNEP's mission to connect to put the mouth back into the body and incorporate oral health into patient care.

Ingham Institute for Applied Medical Research

Dr. Hartnett presented "Linking Oral Health with Overall Health: Nurses Essential Role in Value-Based Care" at the Ingham Institute for Applied Medical Research in Sydney on November 18, 2019 (pictured above). She had the opportunity to meet with the Ingham Institute team to discuss oral health integration and interprofessional education (pictured below).

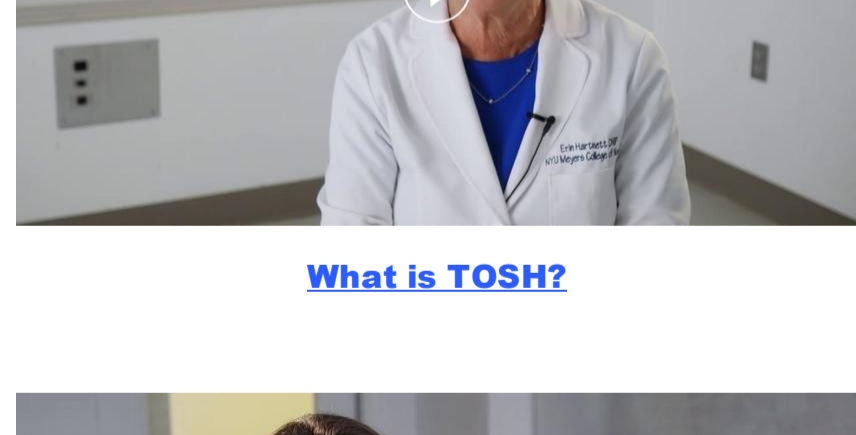

Dr. Hartnett has made a valuable connection with the Centre for Oral Health Outcomes and Research Translation (COHORT) in Sydney Australia. She was invited to Western Sydney University in November, and presented "The Impact of Nursing on Oral Health Across the Lifespan" overviewing oral health integration in nursing care. She consulted with the COHORT team (pictured above) and is pictured below with Ajesh George, COHORT director.

New Videos from OHNEP!

OHNEP is thrilled to announce the release of two educational videos about our annual Teaching Oral-Systemic Health (TOSH) Interprofessional Simulation and Case Study Experience for students since 2013. OHNEP has led this interprofessional experience with as many as 800 Nurse Practitioner, Midwifery, Dental, Medicine and Pharmacy students from NYU's College of Nursing, College of Dentistry and School of Medicine, along with LIU's Pharmacy program.

This year we had the opportunity to create two informative and inspiring videos about TOSH and the interprofessional collaboration that provide the "how-tos" of implementing this exciting experience linking oral health with overall health. The videos include interviews from key faculty and stakeholders involved in the TOSH program, as well as testimonials from students who participated. View the videos below.

What is TOSH?

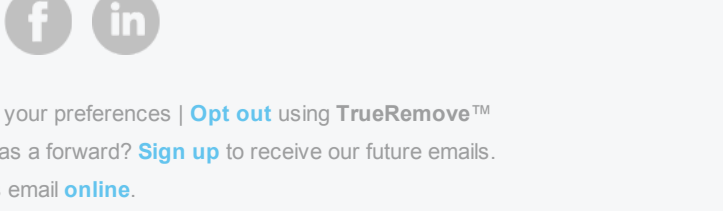

Organizing TOSH

Recognition

OHNEP is proud to announce its umbrella organization, The National Interprofessional Initiative on Oral Health (NIOH), will receive the Gies Award for Innovation as a Public or Private Partner at the 2020 Gies Awards gala on March 16, 2020 in conjunction with the American Dental Education Association (ADEA) Annual Session & Exhibition.

The NIOH will be honored for its innovative work exploring, implementing and evaluating pioneering strategies in interprofessional oral health education and practice. The award committee recognizes the NIOH as an innovator in engaging individuals and organizations in adopting new interprofessional approaches to delivering whole person care.

NIOH Executive Director Anita Glickin, MSW, will accept the award on behalf of the NIOH and its core partners, including Smiles for Life, a national oral health curriculum; OHNEP, the Oral Health Nursing Education and Practice Program; the PA Leadership Initiative in Oral Health and other partner organizations who share the same mission in ensuring and promoting access to oral health education and care.
